

This is a project update for the Cowles Street Project effective July 31, 2009.

#### 21<sup>st</sup> Ave and Cowles St

- Curb and gutter installation begins
- Please try to avoid concrete work zone
- Residential and Business access will be maintained during this time
- Please be extremely cautious as equipment and workers will be in the road area
- Workers will be onsite seven (7) days a week during concrete work

#### 19<sup>th</sup> Ave and Cowles St Intersection

- Eastbound traffic (headed towards South Cushman) has been shifted into turn lanes
- Westbound traffic remains in its normal lane, but drivers should be cautious
- The four way stop remains in effect

#### Cowles St, 19<sup>th</sup> to 23<sup>rd</sup> Ave, driving conditions

- Cowles, 23<sup>rd</sup> to 19<sup>th</sup> Ave, continues to be closed to through traffic
- Residential and business access is provided during this time
- Detours are set up during this period, directing traffic around the closed area

Travelers should use extra caution and be alert when in and around the construction zone

- Detours and traffic patterns change
- Watch for pedestrians, especially children during summer recess
- 21<sup>st</sup> Ave and Cowles St are unpaved so speeds should be kept down for safety

Please visit the Cowles Street Project [website](#) and refer your clientele for more information.

If you have any ADA concerns please contact Exclusive Paving or DOT&PF.
